ALUMINIUM WINDOW, HIDDEN SASH AND HANDLE

This completely aluminium framed hidden sash window is the first of its kind on the market.

With options to go with a vertical or horizontal concealed T&T handle, invisible hinges, triple glazed, additional security system and RAL powder coated or anodised colour.

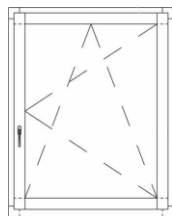

With an average U_w of 0,8 (W/m²K) this makes the AWH one of our most powerful weapons in terms of window minimalistic design.
